NHET Sim
Training the Healthcare Simulation Community

MONASH CHILDREN'S SIMULATION

HEALTHCARE SIMULATION WEEK 2026
SEPTEMBER 14–18

NHET-Sim Workshop

Debriefing in Simulation (S9) and Developing Scenarios (S10)

Facilitated by Dr Marijke Mitchell and Dr Preeti Ramaswamy

The NHET-Sim (National Health Education and Training in Simulation) program is a nationwide training program for healthcare professionals and educators aimed at improving clinical training capacity.

NHET-Sim is designed for anyone who currently uses, or intends to use, simulation as an educational method to support the development of healthcare students and professionals. The program consists of online modules and in-person workshops and has been developed and reviewed by leaders in simulation across Australia and internationally.

Debriefing in simulation (S9)

This module provides you with an opportunity to reflect on your debriefing practices and explore the conditions for effective debriefing. Effective, however, is much more than a set of skills and techniques. It requires ongoing reflections on your values, approaches to learning, and teaching practices. Participants will share experiences, practise debriefing techniques, receive feedback, and set goals for continued development.

Developing Scenarios (S10)

Scenarios are a fundamental part of simulation-based education and require careful planning to achieve intended learning outcomes. Developing effective scenarios often involves multiple iterations, and this module explores the factors that enable and constrain the design and implementation of high-quality simulation scenarios.

How to Register and Participate?

- Register via the details below
- Complete the relevant e-learning module prior to the workshop
  (your participation fee includes access to all NHET-Sim e-learning modules for 4 months).
- Attend and participate in the workshop

DATE: Thursday, 10 September 2026
TIME: 8:30 AM to 12:00 PM **(S9)** | 1:00 PM to 4:30 PM **(S10)**
WHERE: L3 Monash Children's Simulation Centre, 246 Clayton Rd, Clayton VIC 3168
COST: $300 **(S9)** | $300 **(S10)** | $550 **(S9 and S10)**
Register: https://shop.monash.edu/nhet-sim-workshop-mcs.html or **scan the QR code**
